• Job Description

- **Job Title:** The Postdoctoral Research Position at the Institute of Paleobiology, Polish Academy of Sciences
- **Job Summary:** The Postdoctoral Research Position at the Institute of Paleobiology of the Polish Academy of Sciences (IPAL) provides training to a postdoctoral investigator to carry out a collaborative project in the Evolutionary Morphology of Mammals research group (leader: Dr. Lucja Fostowicz-Frelik). The project concerns morphology, evolution, and phylogeny of Glires and related groups, including basal primates and some Mesozoic Eutheria (for more information, see <http://ncn.gov.pl/sites/default/files/listy-rankingowe/2015-06-15/streszczenia/300515-en.pdf>). This position is funded by a grant (SONATA BIS 5 Programme) from the National Science Centre (NCN) in Poland.
- **Job Description:** FUNDING AND DURATION Postdoctoral Researcher will be hired as full-time employee of the Institute of Paleobiology. During their employment they will receive full medical insurance, as well as all other IPAL employee benefits. Limited research and publication support is provided. Appointment is initially made for one year, with a further one-year extension possible, based upon the performance. Postdoctoral Researcher is expected to be in residence working at the Institute. Starting date: March 2017. DEADLINE TO APPLY November 23, 11:59pm, (GMT+1) REQUIRED DOCUMENTS Cover Letter, stating research interests, skills and personal motivation for applying. Please include the following statement in your application: "In accordance with the Personal Data Protection Act of August 29, 1997, I hereby agree that the Institute of Paleobiology PAS process and store my personal data for recruitment purposes". CV including details of awards, grants, and honors obtained, conferences attended and training received List of publications with full bibliographical details Copy of doctoral diploma Contact details of two reviewers (including emails). Two letters of recommendation are required from people knowledgeable about your work. Contact each of your recommenders and inform them that they will receive an email from the Institute of Paleobiology of Polish Academy of Sciences requesting a recommendation for you. Please kindly inform them of the deadline. DOCUMENT UPLOAD All documents must be uploaded as a single file in PDF format (up to 10 MB). No other format will be accepted. The documents should be sent to Dr. Lucja Fostowicz-Frelik (lfost@twarda.pan.pl) with CC to paleo@twarda.pan.pl REQUIREMENTS Doctoral degree obtained not earlier than 2009 in the following areas: biology, medicine, veterinary science, geology (paleontology). One or more of the following skills are expected from a candidate: a good knowledge of higher vertebrate anatomy, methods of phylogenetic analysis, systematics, geometric morphometry, or working with CT-scan data. Competence in written and spoken English and good interpersonal skills. Equal Opportunity Employer. Women and minorities encouraged to apply.
